

The RZ-42Y is the ultimate youth helmet! With all the features of the top adult helmets, a smaller and super lightweight shell make it the perfect fit for the youth market. This is the perfect helmet for all youth racing.

- Top Air Intake Vent plus Chin Bar Vents which allows option to Run Forced Air Accessory Option
- Smaller Shell
- Composite Kevlar Mix Lightweight Shell
- Plush Fire Retardant Interior
- Z-21 Series 2.5mm Clear Shield
- Removable/Washable Comfort Liner
- SNELL CMR2016 Standard

The Zamp FS-10 delivers premium-level performance at a value price. Constructed with a lightweight fiberglass shell, the FS-10 meets the Snell M2025D standard and DOT approval, offering exceptional impact absorption—technology usually reserved for helmets at twice the cost.

- Composite Fiberglass Shell – Lightweight with superior impact absorption
- Advanced Ventilation System – Adjustable chin and scalp vents, plus rear exhausts
- 33 Series Removable / Washable Interior – Plush, moisture-wicking 33 Series Crown Liners and Cheek Pads are interchangeable for a custom fit
- Z-19 Shield – Optically correct with lock-down button for secure closure, uses Z-19 Retention Kit
- Snell M2020D Certified | DOT Approved

Purpose-built for serious asphalt racers, the all-new RZ-66C combines ultra-lightweight performance, advanced aerodynamics, and unmatched ventilation options. Designed for comfort and customization, this helmet delivers everything drivers need for long race days and high-speed performance.

- Carbon Mix Shell – Super lightweight construction for reduced driver fatigue
- DDAIR-SYSTEM – New 360° Dual-Density Air Channeling for superior forced air cooling
- Advanced Aerodynamics – Aero Lips built into shell, plus accessory options: adjustable rear spoiler and chin bar front spoiler
- TRI-Tech Air System – Adjustable inlets on top of helmet and both sides of chin bar for Natural Air, Forced Air, or Air Plugs – the most versatile air system on the market
- 28 Series Plush Interior – Removable, washable, fire-retardant ultra-soft cheek pads and crown liner
- Z-20 Series Clear Anti-Fog Shield – Equipped with tensioning tear-off posts, compatible with 12.125" banana-style tear offs or Z Optics P208Z Tear Offs
- Hydration Ready – Built-in center chin bar hydration port with removable plug
- Audio Ready – Includes Ear Cups and Ear Pads for reduced noise and easy communication integration
- M6 Inserts – Head & Neck Restraint compatible
- Snell SA2025 Approved

Engineered for performance, Zamp's newest premium DIRT helmet, the RZ-67D is built for serious drivers who demand comfort, airflow, and cutting-edge technology.

- DDAIR-SYSTEM – New 360° Dual-Density Air Channeling for superior forced air cooling
- Large Weave Carbon Mix Shell – Ultra-lightweight & durable
- 28 Series Color-Matched Interior – Premium color-coordinated plush, removable, washable, fire-retardant crown liner and cheek pads
- Dual Chin Curtains – Extra protection, dust & fog reduction
- Advanced Aerodynamics – Large front lower spoiler, adjustable rear spoiler included
- Top Air System – Pre-installed threads for easy top air installation
- Z-20 Series Clear Anti-Fog Shield – Pre-installed with dirt seal and tensioning tear-off posts, compatible with 12.125" banana-style tear offs or Z Optics P208Z Tear Offs
- Hydration Ready – Built-in chin bar hydration port
- Audio Ready – Pre-Installed ear cups for communication integration
- M6 Inserts – Head & Neck Restraint compatible
- Snell SA2025 Approved

Zamp proudly introduces the RZ-38, a Snell SA2025 certified helmet designed to deliver premium performance at an unbeatable price.

Constructed with a lightweight composite fiberglass shell, the RZ-38 offers an exceptional fit, sleek finish, and race-ready features usually reserved for higher-end models.

This new model debuts Zamp's 29 Series interior — fully removable and washable — giving drivers the ability to refresh their liner after intense sessions or dial in a custom fit.

Loaded with performance-driven features and safety tech, the RZ-38 sets a new standard for value in motorsports protection.

- Composite Fiberglass Lightweight Shell
- Z-20 Series Clear Shield – with tensioning tear-off posts, compatible with 12.125" banana-style tear offs or Z Optics P208Z Tear Offs
- 29 Series Interior – Premium, removable, washable, fire-retardant crown liner and cheek pads
- Top Air Venting – in addition to Chin, Scalp, and Exhaust Vents
- Top Air System – Pre-installed threads for easy top air accessory installation
- M6 Inserts – Head & Neck Restraint compatible
- Snell SA2025 Approved

Zamp proudly introduces the RZ-38 Air, a Snell SA2025 certified helmet designed to deliver premium performance at an unbeatable price. Constructed with a lightweight composite fiberglass shell, the RZ-38 offers an exceptional fit, sleek finish, and race-ready features usually reserved for higher-end models.

This new model debuts Zamp's 29 Series interior — fully removable and washable — giving drivers the ability to refresh their liner after intense sessions or dial in a custom fit. Plus, this model includes the Round Top Air Attachment ready to connect to Forced Air Systems.

Loaded with performance-driven features and safety tech, the RZ-38 sets a new standard for value in motorsports protection.

- Composite Fiberglass Lightweight Shell
- Z-20 Series Clear Shield – with tensioning tear-off posts, compatible with 12.125" banana-style tear offs or Z Optics P208Z Tear Offs
- 29 Series Interior – Premium, removable, washable, fire-retardant crown liner and cheek pads
- Top Air Venting – in addition to Chin, Scalp, and Exhaust Vents
- Top Air System – Pre-installed threads for easy top air accessory installation. Includes Round Top Air Accessory for Forced Air Systems
- M6 Inserts – Head & Neck Restraint compatible
- Snell SA2025 Approved

Zamp proudly introduces the RZ-38 DIRT, a Snell SA2025 certified helmet built specifically for dirt racers who demand protection, comfort, and focused performance at an unbeatable price. Featuring the same proven shell as our standard RZ-38 model, the DIRT version is optimized for off-road use with reduced venting to block out dust and roost.

This model includes a pre-installed upper chin curtain to prevent dirt and debris from entering the helmet through the chin bar area — a key feature for demanding dirt track environments.

Like the original, the RZ-38 DIRT features a lightweight composite fiberglass shell and the all-new 29 Series interior — fully removable and washable — allowing drivers to refresh or customize their fit after intense racing conditions.

- Composite Fiberglass Lightweight Shell
- Z-20 Series Clear Shield – with tensioning tear-off posts, compatible with 12.125" banana-style tear offs or Z Optics P208Z Tear Offs
- 29 Series Interior – Premium, removable, washable, fire-retardant crown liner and cheek pads
- Reduced External Venting – Less airflow to block dust, dirt, and roost
- Pre-Installed Upper Chin Curtain – Shields driver's mouth from debris
- Top Air System – Pre-installed threads for optional top air accessories
- M6 Inserts – Head & Neck Restraint compatible
- Snell SA2025 Approved

Zamp proudly introduces the RZ-57V, a high-performance helmet designed with increased airflow and comfort in mind. Certified to Snell SA2025 standards, the RZ-57V takes everything great about the RZ-57 platform and adds expanded venting throughout the shell—making it the ideal choice for asphalt racers and drivers in high-heat environments.

With a lightweight composite shell, premium interior materials, and a full ventilation package including a 7-top air system, the RZ-57V delivers performance and cooling typically found in helmets at a much higher price point.

- Composite Fiberglass Lightweight Shell
- 7-Top Air System – Enhanced airflow through top, chin, scalp, and rear exhaust vents
- Plush Fire-Retardant Interior - non-removable
- Z-20 Series Clear Shield – with tensioning tear-off posts, compatible with 12.125" banana-style tear offs or Z Optics P208Z Tear Offs
- M6 Inserts – Head & Neck Restraint compatible
- Snell SA2025 Approved

The Zamp RZ-57 helmet combines the latest Snell SA2025 helmet technology with the best value in the market! This model provides minimal front venting with the option to add a Top Air accessory to run a Forced Air system—keeping you cool and helping prevent fogging in extreme racing conditions. Inexpensive is redefined with the RZ-57, offering features and quality comparable to helmets that cost twice as much.

Built for racers who demand reliability, comfort, and safety without breaking the budget, the RZ-57 blends modern performance with practical functionality, making it an ideal choice for a wide range of motorsports.

- Composite Fiberglass Lightweight Shell
- Minimal Forward Venting – Includes scalp and rear exhaust vents
- Plush Fire-Retardant Interior – non-removable
- Z-20 Series Clear Shield – with tensioning tear-off posts, compatible with 12.125" banana-style tear offs or Z Optics P208Z Tear Offs
- M6 Inserts – Head & Neck Restraint compatible
- Snell SA2025 Approved

Zamp is proud to introduce the RZ-48Y Carbon, a premium youth helmet designed for top-tier safety, comfort, and performance. Featuring a super lightweight Carbon Mix Shell and available in striking graphic finishes, the RZ-48Y is engineered to meet the needs of young drivers in competitive motorsports.

- Ultra-lightweight Carbon Mix Shell
- Smaller Shell for Youth Fit
- Snell CMR2016 & SFI 24.1 Certifications
- Top Air Intake and Chin Bar Vents – compatible with forced air accessories
- Plush, Color-Matched, Fire Retardant Interior
- Removable/Washable Color-Matched 30 Series Cheek Pads & Crown Liner
- Z-21 Series 2.5mm Clear Shield with Tear-Off Posts
- (Compatible with 12 1/8" banana-style tear offs or Z-Optics P208Z)
- M6 Inserts for Head & Neck Restraints

- M6 Inserts for Head & Neck Restraints

Zamp proudly presents the RZ-61S, a Snell SA2025 certified helmet built for racers who want a stylish shell shape with today's top-tier features. The Aramid Mix Shell offers a lightweight, durable construction, while the helmet's adaptable air system and premium 29 series interior make it ideal for a wide range of motorsports. The RZ-61S gives lower coverage in the chin area. Ear Cups and Ear Pads are available as accessories, allowing you to customize your helmet to hear what you need to hear. This model is a classic design that will work for many racers at a great value for an Aramid Shell helmet.

- Aramid Mix Shell – Lightweight, traditional shell profile
- Top Air System – Compatible with Natural Air, Forced Air, or Air Plugs
- DDAIR-SYSTEM – New 360° Dual-Density Air Channeling for superior forced air cooling
- Interior Comfort Combo – Uses 31 Series ultra-soft cheek pads and 28 Series fire-retardant crown liner, both removable and washable
- EPS Chin Bar Foam – Enhanced energy absorption in the chin area
- Z-20 Series Clear Shield – with tensioning tear-off posts, compatible with 12.125" banana-style tear offs or Z Optics P208Z Tear Offs
- Ear Cup Ready – Built-in ear pockets for optional Zamp Ear Cups
- M6 Inserts – Head & Neck Restraint compatible
- Snell SA2025 Approved

Zamp proudly presents the all-new aerodynamic RZ-63S, a Snell SA2025 certified helmet engineered for racers who demand premium fit, lightweight performance, and aggressive styling. Featuring a super lightweight Aramid Mix Shell and a larger aerodynamic duck bill chin bar for added debris protection and stability, the RZ-63S delivers modern function and versatility for drivers across dirt and asphalt disciplines. Built for all-day comfort and protection, this helmet is your complete, race-ready solution.

- Aramid Mix Shell – Super lightweight, high-strength construction for reduced fatigue
- DDAIR-SYSTEM – New 360° Dual-Density Air Channeling for superior forced air cooling
- Optional Aero Accessories – Easy installation of Chin Bar Front Spoiler and Rear Spoiler for added performance
- Top Air System – Compatible with Natural Air, Forced Air, or Air Plugs
- Interior Comfort Combo – Uses 31 Series ultra-soft cheek pads and 28 Series fire-retardant crown liner, both fire-retardant, removable, and washable

- Hydration-Ready – Built-in center chin bar hydration port with removable plug
- Ear Cup Ready – Built-in ear pockets allow easy addition of accessory Zamp Ear Cups for improved communication
- M6 Inserts – Head & Neck Restraint compatible
- Snell SA2025 Certified

Zamp proudly presents the RZ-19F Open Face Helmet, a Snell SA2025 & FIA8859-2024 approved helmet designed for racers who prefer the visibility and versatility of an open face design without sacrificing modern safety features. Built with a lightweight composite fiberglass shell, the RZ-19F delivers durability and comfort across a wide range of motorsports. Inside, the premium 32 Series interior is removable, washable, and fire-retardant providing long-lasting comfort and easy maintenance. Communication-ready Ear Cups allow optional Zamp Communication to be added for one-way or two-way communication. With its classic open face styling, adaptable airflow options, and race-ready features, the RZ-19F is an excellent value for drivers seeking a high-quality, Snell and FIA approved fiberglass helmet.

- Composite Fiberglass Shell – Lightweight open face shell
- Top Air System – Compatible with Natural Air, Forced Air, or Air Plugs
- 32 Series Interior – Premium, removable, washable, fire-retardant crown liner and cheek pads
- Z-20 Series Visor – with sunstrip, color matched to helmet shell
- Communication Ready – Included Zamp Ear Cups ready for one-way or two-way communication
- M6 Inserts – Head & Neck Restraint compatible
- Snell SA2025 & FIA8859-2024 Approved

Zamp proudly presents the RZ-19S Open Face Helmet, a Snell SA2025 approved helmet designed for racers who prefer the visibility and versatility of an open face design without sacrificing modern safety features. Built with a lightweight composite fiberglass shell, the RZ-19S delivers durability and comfort across a wide range of motorsports. Inside, the premium 32 Series interior is removable, washable, and fire-retardant providing long-lasting comfort and easy maintenance. Built-in ear pockets make the helmet ear cup ready, allowing optional Zamp Ear Cups to be added for enhanced noise control. With its classic open face styling, adaptable airflow options, and race-ready features, the RZ-19S is an excellent value for drivers seeking a high-quality, Snell-approved fiberglass helmet.

- Composite Fiberglass Shell – Lightweight open face shell
- Top Air System – Compatible with Natural Air, Forced Air, or Air Plugs
- 32 Series Interior – Premium, removable, washable, fire-retardant crown liner and cheek pads
- Z-20 Series Visor – with sunstrip, color matched to helmet shell

Zamp Racing is proud to unveil the new RZ-70F FIA 8859-2024 & Snell SA2025 Helmet, delivering advanced airflow, exceptional comfort, and unmatched versatility for today's racers. Designed around flexibility and ease of installation, the RZ-70F features an innovative system that allows drivers to quickly configure their helmet for a variety of racing applications. By simply removing a cheek pad and three screws, racers can easily add communications equipment or hydration systems without complicated modifications.

At the heart of the RZ-70F is our DDAIR-SYSTEM (Dual Density Air Integration Relief System). This advanced ventilation design provides full 360-degree air channeling throughout the helmet, allowing cool air to enter while efficiently exhausting warm air for maximum comfort during long races and demanding conditions. Constructed with a lightweight composite aramid shell, the RZ-70F combines strength, safety, and performance while meeting the latest FIA 8859-2024 & Snell SA2025 standards.

- Lightweight composite aramid shell construction
- DDAIR-SYSTEM with full 360-degree internal air circulation
- Z-Design in Shell circulates air throughout the shell utilizing large internal channels for enhanced airflow
- Chin bar EPS channels for simple installation of communications equipment and/or hydration
- 28 Series Interior – Premium plush, removable/washable, fire-retardant crown liner and cheek pads
- Included Ear Cups and Ear Pads to improve communication clarity and reduce unwanted noise
- ZF-20 Series 3mm Anti-Fog Clear Shield with tear-off posts for 12.125-inch banana-style tear-offs
- M6 inserts for head and neck restraint systems
- Aerodynamic Triangle Caps that can also be removed for quick communication installation
- FIA8859-2024 & Snell SA2025 Approved

Constructed with a lightweight composite aramid shell, the RZ-70F combines strength, safety, and performance while meeting the latest FIA 8859-2024 & Snell SA2025 standards.

- Lightweight composite aramid shell construction
- DDAIR-SYSTEM with full 360-degree internal air circulation
- Z-Design in Shell circulates air throughout the shell utilizing large internal channels for enhanced airflow
- Chin bar EPS channels for simple installation of communications equipment and/or hydration
- 28 Series Interior – Premium plush, removable/washable, fire-retardant crown liner and cheek pads
- Included Ear Cups and Ear Pads to improve communication clarity and reduce unwanted noise
- ZF-20 Series 3mm Anti-Fog Clear Shield with tear-off posts for 12.125-inch banana-style tear-offs
- M6 inserts for head and neck restraint systems
- Aerodynamic Triangle Caps that can also be removed for quick communication installation
- FIA8859-2024 & Snell SA2025 Approved

Zamp Racing is proud to unveil the new RZ-70F FIA 8859-2024 & Snell SA2025 Helmet, delivering advanced airflow, exceptional comfort, and unmatched versatility for today's racers. Designed around flexibility and ease of installation, the RZ-70F features an innovative system that allows drivers to quickly configure their helmet for a variety of racing applications. By simply removing a cheek pad and three screws, racers can easily add communications equipment or hydration systems without complicated modifications. At the heart of the RZ-70F is our DDAIR-SYSTEM (Dual Density Air Integration Relief System). This advanced ventilation design provides full 360-degree air channeling throughout the helmet, allowing cool air to enter while efficiently exhausting warm air for maximum comfort during long races and demanding conditions. Constructed with a lightweight composite aramid shell, the RZ-70F combines strength, safety, and performance while meeting the latest FIA 8859-2024 & Snell SA2025 standards.

Zamp proudly presents the RZ-61F, a FIA8859-2024 certified helmet built for racers who want a stylish shell shape with today's top-tier features. The Aramid Mix Shell offers a lightweight, durable construction, while the helmet's adaptable air system and premium 29 series interior make it ideal for a wide range of motorsports. The RZ-61F gives lower coverage in the chin area. Ear Cups and Ear Pads are available as accessories, allowing you to customize your helmet to hear what you need to hear. This model is a classic design that will work for many racers at a great value for an Aramid Shell helmet.

- Aramid Mix Shell – Lightweight, traditional shell profile
- Top Air System – Compatible with Natural Air, Forced Air, or Air Plugs
- DDAIR-SYSTEM – New 360° Dual-Density Air Channeling for superior forced air cooling
- Interior Comfort Combo – Uses 31 Series ultra-soft cheek pads and 28 Series fire-retardant crown liner, both removable and washable
- EPS Chin Bar Foam – Enhanced energy absorption in the chin area
- Z-20 Series Clear Shield – with tensioning tear-off posts, compatible with 12.125" banana-style tear offs or Z Optics P208Z Tear Offs
- Ear Cup Ready – Built-in ear pockets for optional Zamp Ear Cups
- M6 Inserts – Head & Neck Restraint compatible
- FIA8859-2024 Approved

Zamp proudly presents the all-new aerodynamic RZ-63F, a Snell SA2025 & FIA8859-2024 certified helmet engineered for racers who demand premium fit, lightweight performance, and aggressive styling. Featuring a super lightweight Aramid Mix Shell and a larger aerodynamic duck bill chin bar for added debris protection and stability, the RZ-63F delivers modern function and versatility for drivers across dirt and asphalt disciplines. Built for all-day comfort and protection, this helmet is your complete, race-ready solution.

- Aramid Mix Shell – Super lightweight, high-strength construction for reduced fatigue
- DDAIR-SYSTEM – New 360° Dual-Density Air Channeling for superior forced air cooling
- Optional Aero Accessories – Easy installation of Chin Bar Front Spoiler and Rear Spoiler for added performance
- Top Air System – Compatible with Natural Air, Forced Air, or Air Plugs
- Interior Comfort Combo – Uses 31 Series ultra-soft cheek pads and 28 Series fire-retardant crown liner, both fire-retardant, removable, and washable

Zamp proudly introduces the RZ-39YS, a SFI 24.1 certified helmet engineered specifically for youth drivers. Featuring a smaller, lighter-weight composite fiberglass shell, the RZ-39YS is designed to provide a more proportional fit and reduced weight for younger racers without compromising the performance and protection expected from Zamp.

- Smaller Composite Fiberglass Lightweight Shell designed for youth drivers
- Lightweight Design at 1250g (+/- 50 grams)
- Z-20 Series Clear Shield – with tensioning tear-off posts, compatible with 12.125" banana-style tear offs or Z Optics P208Z Tear Offs
- Interior Comfort Combo – Uses 34 Series ultra-soft cheek pads and 30 Series fire-retardant crown liner, both removable and washable
- Venting along Front, Top, and Chin Bar, plus Exhaust Vents
- M6 Inserts – Head & Neck Restraint compatible
- SFI 24.1 Approved

Zamp is excited to announce the new Super Helmet Series RZ-880 with Advanced FIA 8860-2018 safety standard and leading safety, features, fit, and performance. The RZ-880 Open Wheel Matte Carbon version includes maximum venting on the chin and top with 360 degree air channeling built into the helmet EPS and shell. Clear Antifog Shield gives excellent vision.

- Advanced Matte Carbon Weave for incredibly lightweight shell
- Aerodynamic Shell & Chin Bar - Aero Lips in Shell, plus accessory options line including adjustable Rear Top Spoiler and front Chin Bar Spoiler
- Top Air inlet allows you to run Natural Air, Forced Air, or Air Plugs
- Plush removable/washable fire retardant ultra-soft interior with EPS chin bar foam
- Z-24 Series Clear Antifog Shield with Tear Off Posts at 12.125in center post using banana style Tear Offs
- M6 Inserts for Head & Neck Restraint
- Nylon and Canvas Single Helmet Bags included
- **FIA 8860-2018 without ABP**

Zamp is excited to announce the new Super Helmet Series RZ-88C with Advanced FIA 8860-2018 safety standard and leading safety, features, fit, and performance. The RZ-88C Closed Cockpit Gloss Carbon version includes maximum venting on the chin and top with 360 degree air channeling built into the helmet EPS and shell. Clear Antifog Shield gives excellent vision.

- Advanced Gloss Carbon Weave for incredibly lightweight shell
- Aerodynamic Shell & Chin Bar - Aero Lips in Shell, plus accessory options line including adjustable Rear Top Spoiler and front Chin Bar Spoiler
- Top Air inlet allows you to run Natural Air, Forced Air, or Air Plugs
- Plush removable/washable fire retardant ultra-soft interior with EPS chin bar foam
- Z-24 Series Clear Antifog Shield with Tear Off Posts at 12.125in center post using banana style Tear Offs
- M6 Inserts for Head & Neck Restraint
- Nylon and Canvas Single Helmet Bags included
- **FIA 8860-2018 without ABP**

Zamp is excited to announce the new Made in Italy Series ZR-90 Helmet with Advanced FIA 8860-2018 safety standards. Featuring a super lightweight shell and includes Z-24 Clear Anti-Fog Shield.

- Advanced Carbon Design for an incredibly lightweight shell
- Aerodynamic Shell – plus accessory options line including adjustable Rear Top Spoiler
- Top Air Inlet allows you to run Natural Air, Forced Air, or Air Plugs. Includes two Center Vent parts- Vented and Closed.
- Plush Removable/Washable Fire Retardant ultra-soft interior with EPS Chin Bar Foam
- Z-24 Series Clear Anti-Fog Shield with Tear Off Posts at 12.125in center posts using banana style Tear Offs (P208Z in Z Optics Tear Offs)
- M6 Inserts for Head & Neck Restraints
- FIA 8860-2018

SFI Seat Harness HARN01S003

Introducing Zamp's new SFI 16.1 certified 5-Point Pull Down/Pull Out Seat Harness featuring 3" to 2" adjustable polyester belts, latch lock system, and durable steel hardware.

- 5 Point SFI Harness
- 3"/2" Belts
- Adjustable Pull-Down/Pull-Out Polyester Belts
- Latch Lock System
- SFI 16.1 certified

SFI Seat Harness HARN01S005

Introducing Zamp's new SFI 16.1 certified 5-Point Pull Up/Pull In Seat Harness featuring 3" to 2" adjustable polyester belts, latch lock system, and durable steel hardware.

- 5 Point SFI Harness
- 3"/2" Belts
- Adjustable Pull-Up/Pull-In Polyester Belts
- Latch Lock System
- SFI 16.1 certified

SFI Seat Harness HARNO2S003

Introducing Zamp's new SFI 16.1 certified 6-Point Pull Up/Pull In Seat Harness featuring 2" adjustable polyester belts, latch lock system, and durable steel hardware.

- 6 Point SFI Harness
- 2" Belts
- Adjustable Pull-Up/Pull-In Polyester Belts
- Latch Lock System
- SFI 16.1 certified

FIA Seat Harness HARN03F003

Introducing Zamp's new FIA 8853-2016 certified 6-Point Pull Down/Pull Out Seat Harness featuring 3" to 2" adjustable polyester belts, quick-release camlock, and durable steel hardware.

- 6 Point FIA Harness
- 3"/2" Belts
- Adjustable Pull-Down/Pull-Out Polyester Belts
- Camlock Quick-Release System
- FIA 8853-2016 certified

FIA Seat Harness HARN03F005

Introducing Zamp's new FIA 8853-2016 certified 6-Point Pull Up/Pull In Seat Harness featuring 3" to 2" adjustable polyester belts, quick-release camlock, and durable steel hardware.

- 6 Point FIA Harness
- 3"/2" Belts
- Adjustable Pull-Up/Pull-In Polyester Belts
- Camlock Quick-Release System
- FIA 8853-2016 certified

FIA Seat Harness HARN04F004

Introducing Zamp's new FIA 8853-2016 certified 6-Point Pull Down/Pull Out Seat Harness featuring 2" adjustable polyester belts, quick-release camlock, and durable steel hardware.

- 6 Point FIA Harness
- 2" Belts
- Adjustable Pull-Down/Pull-Out Polyester Belts
- Camlock Quick-Release System
- FIA 8853-2016 certified

SFI Seat Harness HARN05S003

Introducing Zamp's new SFI 16.1 certified 5-Point Pull Down/Pull Out Seat Harness featuring 3" adjustable polyester belts, lightweight latch lock system, and durable steel hardware.

- 5 Point SFI Harness
- 3" Belts
- Adjustable Pull-Down/Pull-Out Polyester Belts
- Lightweight Latch/Lock System
- SFI 16.1 certified

SFI Seat Harness HARN06S003

Introducing Zamp's new SFI 16.1 certified 5-Point Ratchet Seat Harness featuring 3"/2" adjustable ratchet polyester belts with lightweight aluminum adjusters on shoulder belts, latch lock system, and durable steel hardware.

- 5 Point SFI Harness
- 3"/2" Belts
- Adjustable Ratchet Polyester Belts with lightweight aluminum adjusters
- Latch Lock System
- SFI 16.1 certified

SFI Seat Harness HARN07S003

Introducing Zamp's new SFI 16.1 certified 5-Point Pull Down/Pull Out Seat Harness featuring 3"/2" adjustable polyester belts, quick release camlock system, and durable steel hardware.

- 5 Point SFI Harness
- 3"/2" Belts
- Adjustable Pull Down/Pull Out Polyester Belts
- Quick Release Camlock System
- SFI 16.1 certified

SFI Seat Harness HARN08S003

Introducing Zamp's new SFI 16.2 certified 5-point **YOUTH** Seat Harness featuring 2" adjustable (pull-up/pull-in) polyester belts, latch lock system, and durable steel hardware.

- 5 Point SFI Harness
- 2" Belts
- Adjustable Pull Up/Pull In Polyester Belts
- Latch Lock System
- SFI 16.2 certified

SFI Seat Harness HARN09S003

Introducing Zamp's new SFI 16.2 certified 5-point **YOUTH** Seat Harness featuring 2" adjustable (pull-down/pull-out) polyester belts, quick release camlock system, and durable steel hardware.

- 5 Point SFI Harness
- 2" Belts
- Adjustable Pull Down/Pull Out Polyester Belts
- Quick Release Camlock System
- SFI 16.2 certified

SFI Seat Harness HARN11003

Introducing Zamp's new SFI 16.1 certified 7-point Seat Harness featuring U Loop Shoulder pull-down(out) polyester belts, quick release camlock system, and durable steel hardware.

- 7 Point U Loop Shoulder SFI Harness
- 3" & 2" Belts
- Adjustable Pull Down/Pull Out Polyester Belts
- Quick Release Camlock System
- SFI 16.1 certified

SFI Seat Harness HARN12003

Introducing Zamp's new SFI 16.5 certified 7-point Seat Harness featuring 3x3" pull-down(out) polyester belts, quick release camlock system, and durable steel hardware.

- 7 Point SFI Harness
- 3x3" Belts
- Adjustable Pull Down/Pull Out Polyester Belts
- Quick Release Camlock System
- SFI 16.5 certified

SFI Seat Harness HARN13S005

Introducing Zamp's new SFI 16.1 certified 5-point Seat Harness featuring 2" pull-up(in) polyester belts, latch lock system, and durable steel hardware.

- 5 Point SFI Harness
- 2" Belts
- Adjustable Pull Up/Pull In Polyester Belts
- Quick Release Camlock System
- SFI 16.1 certified

UTV Seat Harness HARN104002

Introducing Zamp's new UTV 4-point Red Seat Harness featuring padded polyester belts, latch lock system, and durable steel hardware!

For UTV use only. Not for auto racing

- 4 Point SFI Harness in Red
- 3" Belts
- Adjustable Pull Down/Pull Out Padded Polyester Belts
- Latch Lock System
- Durable Steel Hardware

UTV Seat Harness HARN104003

Introducing Zamp's new UTV 4-point Black Seat Harness featuring padded polyester belts, latch lock system, and durable steel hardware!

For UTV use only. Not for auto racing

- 4 Point SFI Harness in Black
- 3" Belts
- Adjustable Pull Down/Pull Out Padded Polyester Belts
- Latch Lock System
- Durable Steel Hardware

UTV Seat Harness HARN105002

Introducing Zamp's new UTV 5-point Red Seat Harness featuring padded polyester belts, latch lock system, and durable steel hardware!

For UTV use only. Not for auto racing

- 5 Point SFI Harness in Red
- 3" Belts

For UTV use only. Not for auto racing

- 5 Point SFI Harness in Black
- 3" Belts
- Adjustable Pull Down/Pull Out Padded Polyester Belts
- Latch Lock System
- Durable Steel Hardware

The new Series 2A has new features never seen before in the Head and Neck Restraint market.

- Advanced Axis Adjustment allows you to adjust shoulder width, and arm angle. Fits different body shapes and sizes and adjusts to different race seats.
- Super Lightweight at approximately 900 grams.
- Extremely Comfortable feels like you have nothing on.
- Dual Compound Frame Specialized Fiberglass Reinforced Nylon is used for the shoulder frame offering leading structural characteristics. Arms made with a Modified Alloy material give the device a dampening characteristic in a crash. The two materials work together offering excellent performance.
- Stainless Steel Hardware screws and binary post built with high quality and strength to provide long lasting strength.
- Kevlar Webbing Single Point Tether connects helmet to restraint and offers good side to side motion during use.
- VER.02 Spring Clip Quick Connect makes it even easier to disconnect the device from the helmet.
- Belt Channel with Wings accepts 2" or 3" belts.
- Replaceable Padding is easy to clean and/or replace for continued comfort.
- Helmet Hardware needed is included to connect to helmet.
- SFI 38.1 Certified

The Series 6A has new features never seen before in the Head and Neck Restraint market.

- HIGH- Back provides more natural pull angle and easier side to side movement
- Advanced Axis Adjustment allows you to adjust shoulder width, arm angle and arm width. Fits different body shapes and sizes through adjustments and works for different race seat configurations
- Super Lightweight at approximately 925 grams
- Extremely Comfortable feels like you have nothing on
- VER.02 Spring Clip Quick Connect makes it even easier to connect or disconnect the device from the helmet
- Dual Compound Frame Specialized Fiberglass Reinforced Nylon is used for the shoulder frame offering leading structural characteristics. Arms made with a Modified Alloy material give the device a dampening characteristic in a crash. The two materials work together offering excellent performance
- Stainless Steel Hardware screws and binary post built with high quality and strength to provide long lasting strength
- Kevlar Webbing Tether connects helmet to restraint and offers good side to side motion during use
- Belt Channel with Wings accepts 2" or 3" belts
- Replaceable Padding is easy to clean and/or replace for continued comfort
- Helmet Hardware needed is included to connect to one helmet.
- SFI 38.1 Certified

The new Series 8A has new features never seen before in the Head and Neck Restraint market.

- High Back provides more natural pull angle and easy side to side movement.
- Extremely Comfortable feels like you have nothing on.
- Shorter Arms
- No Rigid Materials on Spine
- Stainless Steel Hardware built with high quality and strength to provide long lasting strength.
- Kevlar Webbing Tether connects helmet to restraint and offers great side to side motion during use.

ZR-11 Race Suit

Zamp Racing is proud to introduce the ZR-11 Racing Suit, our updated Single Layer SFI 3.2A/1 suit designed to deliver reliable protection, comfort, and value for racers of all levels. Now available in Red, Blue, and Black, the ZR-11 provides the performance and safety you need without breaking the budget. New for this model, the ZR-11 features a lower back stretch panel, providing improved flexibility and range of motion for maximum driver comfort.

Built from 100% FR Cotton with a lightweight, box quilt construction, the ZR-11 blends premium feel and functionality at an entry-level price point.

- Single Layer Construction – 100% FR Cotton
- Box Quilt Stitching
- Lightweight Design for Ultimate Comfort
- Aramid Cuffs – Comfortable fit around wrists
- Lower Back Stretch Panel – New for improved flexibility
- Pockets on each leg
- SFI 3.2A/1 Approved
- TPP Rating: 9.6

ZR-11 Youth Suit

Zamp Racing is proud to introduce the ZR-11 Youth Racing Suit, designed specifically for youth drivers who expect the same quality, protection, and comfort found in our adult racing suits. Built with the same materials and features as the adult ZR-11, this single-layer SFI 3.2A/1 suit ensures younger racers stay safe without compromising comfort or mobility.

New to this model, the ZR-11 Youth features a lower back stretch panel, giving drivers improved flexibility and freedom of movement in the car.

Constructed from 100% FR Cotton with a lightweight, box quilt design, the ZR-11 Youth provides durability and comfort at an unbeatable entry-level price point.

- Single Layer Construction – 100% FR Cotton
- Box Quilt Stitching
- Lightweight Design for Ultimate Comfort
- Aramid Cuffs – Comfortable fit around wrists
- Lower Back Stretch Panel – New for improved flexibility
- Pockets on each leg
- SFI 3.2A/1 Approved
- TPP Rating: 9.6

ZR-11 Race Jacket

Zamp Racing is proud to introduce the ZR-11 Racing Jacket, designed to deliver the same quality, comfort, and safety found in our racing suits — now in a convenient, lightweight jacket form. Built from 100% FR Cotton and SFI 3.2A/1 approved, the ZR-11 Jacket is an ideal choice for drivers who want protection, style, and comfort without breaking the budget.

This jacket combines lightweight construction, durability, and a stylish design, making it perfect for drivers of all sizes who need reliable fire-resistant gear on and off track.

- Single Layer Construction – 100% FR Cotton
- Box Quilt Stitching
- Lightweight Design for Ultimate Comfort
- Aramid Cuffs – Comfortable fit around wrists
- SFI 3.2A/1 Approved
- TPP Rating: 9.6

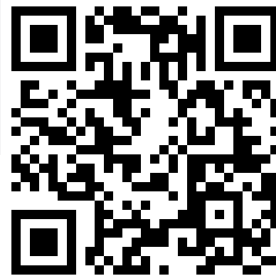

ZR-11 Race Pants

Zamp Racing is proud to introduce the ZR-11 Racing Pants, designed to provide the same quality, comfort, and safety found in our ZR-11 Suits and Jackets — now available as a standalone pant option. Built from 100% FR Cotton and SFI 3.2A/1 approved, the ZR-11 Pants deliver reliable fire protection and comfort at an unmatched value.

With a lightweight design, durable construction, and versatile sizing, the ZR-11 Pants are an excellent choice for drivers who demand performance and protection without sacrificing comfort.

- Single Layer Construction – 100% FR Cotton
- Box Quilt Stitching
- Lightweight Design for Ultimate Comfort
- Aramid Cuffs – Comfortable fit around ankles
- Pockets on each leg
- SFI 3.2A/1 Approved
- TPP Rating: 9.6
